TRUCKS AND BUSES

SMART PERFORMER

Eicher Pro 2055XP

The 6.25T GVW Truck

PRO 2000 SERIES

A new generation range of Eicher trucks from 6.25T to 10T with tilted cabin feature that offers enhanced driver comfort, safety and reliability through Volvo Group's expertise.

Next-gen features

Eicher PRO 2000 Series comes equipped with next-gen features that have been thoroughly tested in many regions. This range of trucks has proven to provide the users with best-in-class fuel efficiency along with unmatched performance.

Superior safety and comfort

This range of trucks comes loaded with superior safety and comfort features to make the drive and ride more comfortable for drivers and co-drivers.

Volvo group processes

The manufacturing processes are a manifestation of Volvo Group's global expertise combined with Eicher's engineering to create an optimum Man-Machine combination.

Eicher Pro 2055XP is a new generation 6.25 tonne GVW truck, designed and developed through Volvo Group's world-class leading processes. Eicher Pro 2055XP gives you unmatched performance with next-gen smart features that take care of your daily transportation needs.

More km per litre

The new Eicher Pro 2055XP is built to deliver best-in-class fuel efficiency, thereby reducing the overall operational cost and increasing profitability.

With the proven E474 engine and EMS, Pro 2055XP is capable of delivering flat torque over a wide RPM range which prevents frequent gear shifts.

Stay ahead with next-gen features
