Drive Your Success

DRF25 – 70C

EFFICIENT RELIABLE PAVING

The Dynapac REDLINE paver focuses on simplified smart operation with remarkable paving results.

Efficient working environment in combination high quality components make the REDLINE paver DRF25-70C the perfect partner for all kinds of jobsites up to 9m. This powerful paver offers reliable performance and does not compromise on quality even in challenging situations. The simple and smart design of the paver and screed allows the operators to concentrate on the job and to drive your success!

Basic width	2.55 m
Working width	2.55 m up to 9.0 m
Theoretical placement capacity	750 t
Engine	Cummins QSB 6.7
Engine rated power	129 kW @ 2200 rpm
Available screeds	DRV51TVE / DRV60TVE

- Build it Red

/// TRACKS MADE FOR THE JOBSITE

- Powerful track drives with hydraulic tensioning device + gauge
- Separate pumps for high precision
- 320mm tracks for higher ground contact and traction
- Thick tracks pads for long lifetime

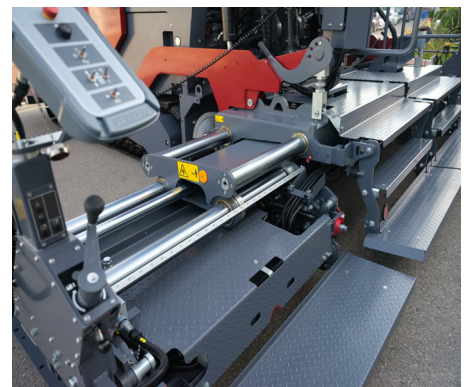

/// HOMOGENEOUS MATERIAL FLOW

- Wide and long hopper for easy truck docking and high capacity
- Low dumping height for flexible docking for different lorry-sizes
- Independently operating hopper flaps
- Wide conveyor for smooth material flow up to 650 t/h

/// INCOMPARABLY STABLE SCREED

- No supporting rods needed
- Adjustable pilot bushings
- Deep screed plate for great compaction performance
- Efficient screed heating for fast heat up time

/// EXCELLENT SERVICEABILITY

- Easy access to maintenance points and inspection points
- Grouped components for convenient service
- Large fuel tank capacity
- Plug and play components

/// BEST VISIBILITY & OVERVIEW

- Spacious operator platform
- Slidable operator dashboard
- Easy & convenient position change
- Dual seat concept
- LED lights for night works

DYN@LINK - DYNAPAC CONNECTS THE FUTURE

Dyn@Link provides customers with a tool to monitor and manage their machine fleet efficiently and conveniently.

The intelligent telematics system offers many possibilities to optimize fleet usage reducing maintenance costs, saving time and money.

RELIABLE AFTERMARKET SUPPORT

SOLUTIONS TO FIT EVERY NEED

MAINTENANCE KITS

- All-in-one box concept for ease of ordering
- Designed to cover full maintenance
- Cost effective as well as easy to plan

FLUIDS & LUBRICANTS

- Right fluids as confirmed by product design
- Right size of packing to avoid storage

WEAR AND REPAIR KITS

- All-in-one box package for ease of ordering
- Right quality at right cost, for minimum cost of operation
- Different options to suit all maintenance

EXTENDED WARRANTY

- Extended warranty for peace of mind
- Service agreement to ensure higher uptime

TAILOR MADE TRAINING

- Various training modules geared towards our customer's requirement
