## DRA90

### EFFICIENT COMPACTION, EXCELLENT SURFACE FINISH AND HIGH PRODUCTIVITY.

The 9T asphalt roller DRA90 offers efficient compaction and high productivity.

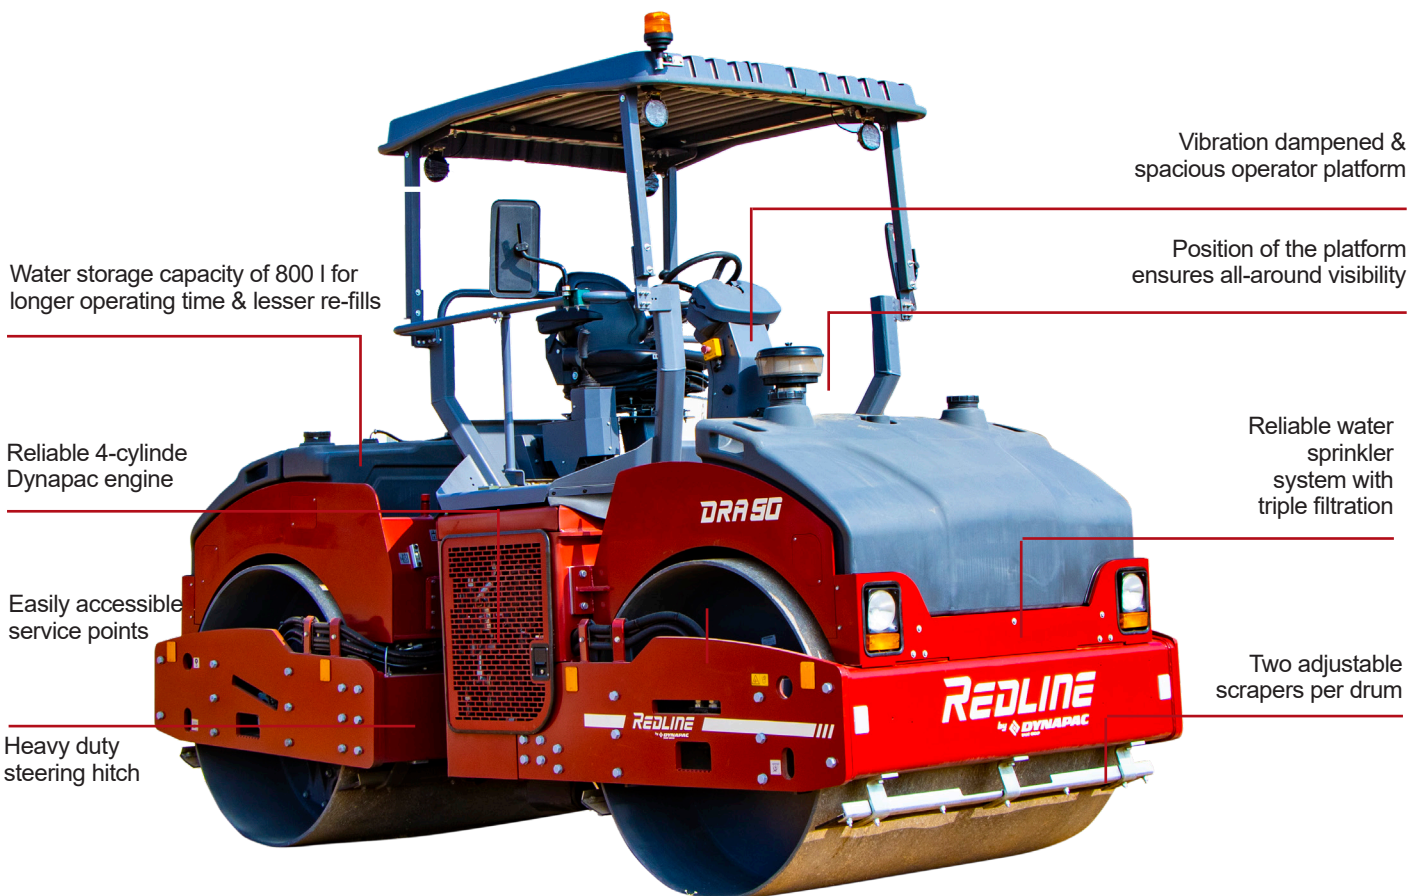

The DRA90 roller is powered by robust Dynapac 4-cylinder diesel engine. With its wide drums and a high static linear load the DRA90 covers a wide range of application in very efficient way.

This economical asphalt roller is equipped with a spacious platform, ensuring excellent all-round visibility plus a simple and intuitive operating concept.

Operating Weight	9200 kg
Static linear load	27.2 kg/cm
Drum width	1690 mm

Frequency (hi/low)	36 / 54 Hz
Amplitude (hi/low)	09 / 0.4 mm

Engine	Dynapac
Engine rated power	56 kW (76 hp) @ 2200 rpm

# - Build it Red

## /// HIGH QUALITY RESULTS AND PRODUCTIVITY

- Flexible combination of frequency (36- 54Hz) and amplitude (0.4 - 0.9 mm)
- Efficient compaction for a wide range of material and layer thicknesses
- Large drum widths of almost 1700mm ensure high productivity

## /// EXCELLENT VISIBILITY

- Unobstructed view for safe compaction and high quality results
- Spacious operator platform
- Seat sliding along the width of machine for better drum-edge visibility
- 4 LED working lights for night jobsites

## /// RELIABLE ENGINE WITH DIRECT SUPPORT

- Powerful and reliable engine maximizing uptime
- Aftersales service & warranty support fully provided by Dynapac.
- Quick responses through the dedicated Dynapac Dealer network

## /// EXCELLENT SERVICEABILITY

- Grouped components and ground access for convenient service
- Large water tank capacity minimizes refill stops
- Advanced closed loop hydraulics with reduced refill intervals

## /// ERGONOMIC AND SIMPLE OPERATOR CONTROLS

- Intuitive and simple operator dashboard
- Machine drive lever ergonomically placed and sliding along with seat
- Easy to use rocker switches with large and easy to read symbols
- Dashboard has a rigid and lockable cover

## DYN@LINK - DYNAPAC CONNECTS THE FUTURE

Dyn@Link provides customers with a tool to monitor and manage their machine fleet efficiently and conveniently. The intelligent telematics system offers many possibilities to optimize fleet usage reducing maintenance costs, saving time and money.

## RELIABLE AFTERMARKET SUPPORT

## SOLUTIONS TO FIT EVERY NEED

### MAINTENANCE KITS

- All-in-one box concept for ease of ordering
- Designed to cover full maintenance
- Cost effective as well as easy to plan

### FLUIDS & LUBRICANTS

- Right fluids as confirmed by product design
- Right size of packing to avoid storage

### WEAR AND REPAIR KITS

- All-in-one box package for ease of ordering
- Right quality at right cost, for minimum cost of operation
- Different options to suit all maintenance

### EXTENDED WARRANTY

- Extended warranty for peace of mind
- Service agreement to ensure higher uptime

### TAILOR MADE TRAINING

- Various training modules geared towards our customer's requirement
